There will be no weigh-ins of rowers, coxswains, or boats.

TEAM ELIGIBILITY

- 1) **DUES:** Organizations must have paid their annual dues of \$30.00 by May 21, 2022. Dues are to be paid through Regatta Central and will be required to make entries into the Championship races.
- 2) **TEAM DEFINITION:** A team is considered to represent the usual way the program competes: a club or varsity program that represents a single Organization (being a single high school OR club program), with distinct location, colors, and coaches for the entire competitive season (starting March 1, 2022 to and including, June 12, 2022) is a team.
- 3) **OUT-OF-DISTRICT TEAMS:** Due to scheduling constraints, a maximum of two out-of-district boats will be permitted to race in any one event. Out-of-district entries will be accepted on a first-come, first serve basis and at the discretion of the local organizing committee. Initial progression calculations will be entirely performance-based, regardless of a crew's home district.

ENTRY PROCEDURE

- 1) **PACKETS:** Registration packets are available on Regatta Central, www.regattacentral.com

2) **REGISTRATION:** Register entries through Regatta Central <https://www.regattacentral.com/> . Every Coach will have a team roster code with Regatta Central for registration purposes. The registration deadline is at or before 11:59 pm May 13, 2022.

3) **WAIVERS:** Each participant must have a current waiver on file with US Rowing. Rowers may obtain an US Rowing waiver electronically and be added to your team's roster on Regatta Central. Share your team roster code number with all athletes who will be included in your entries. Instruct your athletes to go to www.regattacentral.com/athletes/ where they can submit their waiver and obtain an US Rowing Membership Number. Submitting waivers in this manner is time saving for the coach and allows the registration coordinator access to all rowers' waivers in an accurate and easily accessible manner.

This year, printed waivers will only be accepted on an exception basis. Please contact Frannie Thompson at registration@CJRC.US . FEES AND WAIVERS ARE NEEDED FOR A COMPLETE ENTRY AND THE ENTRY MUST BE COMPLETE FOR YOUR BOATS TO BE ENTERED INTO HEATS. FEES AND WAIVERS are due in the hands of the local organizing committee at or before noon, Monday May 10, 2021.

4) **ENTRY FEES**

1x	\$50.00
2x/2-	\$65.00
4x/4+/4x+	\$90.00
8+	\$110.00

5) **ERRORS ON ENTRIES:** The coach of any entry that contains an error will be notified by e-mail. If the entry is not corrected by Tuesday May 17, 2022 at noon, the entry will be dropped and become subject to the Late Entry rule should the coach try subsequently to correct the error and reenter the crew.

6) **SCRATCH FEES:** Any team that scratches an entry after noon May 17, 2022 will forfeit their entry fee. Those scratching after the start of the Regatta will forfeit their entry fee and be assessed a \$25.00 scratch fee to be paid prior to competition by any other boat from that team in subsequent races.

7) **LATE ENTRIES:** Any entry made after the deadline of noon May 17, 2022, will be accepted at the discretion of the Regatta Committee based on the availability of a lane and only with a \$25 per boat late fee. A late entry will not be accepted if it creates a heat.

8) **REVIEW OF ENTRIES AND LANE DRAWS:** Crews can review their entries at www.regattacentral.com on Tuesday, May 17, 2022. Lane draws will be available on Regatta Master and Regatta Central by noon on Friday, May 20, 2022

9) **BOAT LINE-UP CHANGES:** With any changes, remember that a rower can only participate in two events with the following exception: The MJRA Executive Committee will allow an individual to race three times only when that person is needed to fill out a boat. The coach will still need to notify the LOC and executive committee prior to the given race. There will be NO mixed gender rowing allowed except for the coxswains.

10) **REGISTRATION CHECK-IN:** Hours of registration: Friday, 4:30-7-PM; Saturday, 6:30 - 7:00 AM. Note: The association receives 10% of the entry fees to help defray the cost of the annual meeting, the coaching clinic, and other organizational expenditures. Aside from the 10% the Association does not give or receive money from the Local Organizing Committee. Any income derived from entry fees and

concessions go to the Local Organizing Committee, and they are responsible for the providing of sanctioning fee, medals, plaques, and the expenses of the course and officials.

Crews are responsible for being locked on to the starting platform at 2 minutes prior to the official published race time. The Chief Referee and Local Organizing Committee will work together to monitor the weather continuously during the regatta.

Should it be determined that schedule changes are necessary due to weather concerns, an email and text will be sent to the race contact information for each team entered in Regatta Central. An announcement will be made on site if the changes are on a race day.

Crews are responsible for staying updated on all announced schedule changes.

Please direct any questions about schedule changes to the Regatta Director. at the registration area.

Schedule changes will be made using the following priority system:

1. Delay racing either later the same day or to the next day if time is available.
2. Begin racing earlier than previously announced. Announcements will be made no later than 3 hours before racing or 9:00 PM the evening before in the case of morning racing.
3. Utilize a time-trial system for a round of the event.
4. Omit a round of the event. The composition of the next round will be determined on the basis of the results of those rounds that have been completed. If Finals must be omitted, medals will be awarded based on the results of the last completed round of the event.

 - b. Non-Youth National Regatta events that have not completed at least one round of racing.
6. Cancel Youth National Regatta events that have completed at least one round of racing.
7. Cancel regatta.

Under no circumstances will races be rescheduled for a date later than May 22, 2022.

Final MJRA Sportsmanship Guidelines

There are endless opportunities for us as coaches to teach values and morals to the future generations. What we teach them on the water through endless hours and thousands of strokes will stay with them longer than any single win. When many of us as coaches feel the pressure to win or base their self-value on the results of teenagers in boats then it is time to get a better perspective on life. Remember we are educators first and coaches second and one should never miss an opportunity to teach. When the pictures fade and the medals dull in color and get put away in drawers, it will be what you stood for as a coach and a mentor that will be remembered and respected by your athletes not their win- loss record. Two of the distinctive aspects of the sport of rowing are its "pure" or "amateur" status and the fact that athletes generally come to our sport much later than to others, and thus are less encumbered with parental investment. We are often the first models our athletes have for how to approach rowing; a healthy balance of passion and good humor; a value placed on honest effort, honestly evaluated; a high regard for all who row—regardless of for whom; an appreciation for the fairness of our competitions.

Conduct of Athletes

Competitors should treat each other with respect. It is important that kids learn to compete vigorously and fairly. It is inappropriate for them to badmouth their rivals. On the water we should not indulge in gamesmanship. Deliberate false starts, snickering at a crew that is having trouble getting aligned, yelling at the other crew, or playing music through the coxswain's amplification system are not acceptable behaviors. After the races, if shirt bets have been agreed upon, the losing crew should find the winning crew and give up their shirts. If no shirt bet has been made, it is still a good idea for the losing crew to go over and shake hands with the winners. Athletes should be encouraged to spend a few moments talking with each other. Winning crews should be respectful of their opponents.

Conduct in the Launch

Our races have at least one launch that follows the race. It will contain the starter/race official, who in many cases during the season will be the coach of the home program. That launch needs to be always under control, never waking the racing crews or getting so close to the racing boats that they may feel threatened. It is also particularly important for sportsmanship reasons and so that the crews can hear any direction that the race official may need to give to them that there be no noise from the launches that follow the race. Frequently there is a second or a third launch containing assistant coaches and spectators. These other launches must be behind the Official's launch. Spectators may not use their privileged position in launches to cheer for the crews. The launch driver should make sure that all people on board understand that shouting from a launch is a serious lapse of sportsmanship. No coach should shout at his/her crew or at any opponent. Launches should always make sure when returning from the finish line that they come to a dead stop when passing other crews. If they must pass through the starting zone, they must make sure that they do not wake crews racing or lining up to race. There is a procedure for expressing displeasure with the way a race has been conducted: a crew may protest the race to the official on the water. It is not appropriate to go beyond that, to badmouth the official or the other crew. Spectators should be reminded that sportsmanship requires that they cheer for their own crew but do not jeer an opponent. Although our races are often held in public places, we should all try to follow host/guest etiquette.
