

2022 Jefferson Dad Vail Regatta

Use of Drones

Attention Coaches and Racing Crews: the Jefferson Dad Vail Regatta will operate Live Streaming and other approved drone overflights of the venue during the Regatta. In no event will any Regatta approved drone overflight activity constitute grounds for filing any type of race protest.

With the exception of the Live Streaming drone usage, operating a drone during the Regatta is prohibited unless formally approved prior to drone use by the Dad Vail Regatta Organizing Committee (the Regatta LOC).

- Any drone operating at the Regatta without proper approval will be grounded. The crew associated with the unapproved drone may be penalized.
- The approval process begins with submission of a written Drone Use Request. The Request shall include the following information
 1. Organization
 2. Organization contact information
 3. Purpose of drone usage
 4. Proposed times of operation
 5. Drone operator name and contact information
 6. Drone launch and recovery location
 7. Location of drone operator
 8. Description of drone flight path
- The Drone Use Request must be submitted in writing not later than 2:00 PM, Friday, May 6, 2022 to the Regatta Secretary, John Leonard at scullerjohn@aol.com
