*Great Room*

*Warming Kitchen*

The Barber School Community Building was built in 1855 and has served as a school, church and public hall. Purchased by Hunter Savidge in 1873, the school was moved from the southeast corner of Park and Liberty Streets to the Cutler and Savidge Lumber Mill, where it was used as a warehouse. The building also served as the first building for the Spring Lake Yacht Club. In 1987, the Spring Lake Heritage League acquired and moved the building to its present location. A bell tower and lean-to addition with bathroom and kitchen were added at this time.
