GCRA SPEAKMON
SUNDAY - OCT 31

202
WELCOME TO THE 38TH ANNUAL

JACK SPEAKMON MEMORIAL REGATTA

Hosted by Greater Columbus Rowing Association

The Greater Columbus Rowing Association is proud to host the thirty-eighth annual Jack Speakman Memorial Regatta in Columbus on Sunday, October 31, 2021. This regatta features some of the fastest crews in the rowing community, from High School, Collegiate, Masters and Adaptive classes, competing on the waters of the Scioto River at Griggs Reservoir.

Established in 1983, The Jack Speakman Memorial Regatta has become one of the most popular and challenging fall rowing events in the Midwest. Possessing a sincere interest in water activity, Jack served as one of the City's liaisons with the Columbus Waterways Safety Committee, resulting in safer boating practices and a wider range of allowed activities.

The course curves along the natural riverscape of the Scioto River and is set against a colorful backdrop of peak fall foliage. With walking paths along the river's edge for multiple observation opportunities, the Speakman is both a participant and spectator's delight.

New in 2021:

- Novice Open 4x, 8+ & 4+

Returning from 2019:

- Henley-style starts
- Parent Child Row – For fun- 2000M
- Costumed rows welcome!
- Medals for 1st through 3rd places
- Vendors Row
- Food Trucks
- Adaptive athletes will participate in mid-day events on a shortened course lined with spectators.
- Hospitality Suite in the Latshutka Building - $40 gets you all-day access to warmth, comfort, food, and goodies courtesy of GCRA volunteers.
- Lightweight events
- Parking improvements to ensure protection of the waterway and the rehabilitation efforts underway by the City of Columbus Recreation and Parks Department.

We hope to see your rowers, coaches, and supporters here on October 31 to showcase the great rowing venue that GCRA and Upper Arlington Crew get to enjoy every day. Our goal is to provide you with the best fall racing experience in the Midwest! Please contact our Regatta Director at gcragenattadirector@gmail.com with any questions or special needs. The information in this packet details the regatta information, including the rules that will apply at the regatta.

See you on the water!

HANDICAP

An age handicap system will be implemented. All rowers competing as masters will receive a handicap in the results. Any master's entrant failing to indicate a birth date on the entry form will be entered as a 21-year-old competitor. This regatta follows the formula and process for handicaps established by US Rowing adjusted for the approximate length of the course.

Entry Applications shall be accepted only from USA residents that are either individual members of USRowing or members of a USRowing-member institution, and from foreign nationals that are in good standing with their nation’s FISA-recognized governing body.

ENTRIES

All entries, payments and waivers must be submitted on-line at Regatta Central (www.regattacentral.com)

Regatta Central will accept entries, payments, and waivers until midnight EDT on October 24, 2021.

Entries that are not complete (i.e., incomplete info or incomplete waivers) or are not paid in full by the entry deadline will be removed. Late Entries: accepted until midnight October 27, 2021

Technical questions regarding use of Regatta Central should be directed to: support@regattacentral.com (please no regatta-related questions)

All regatta-related questions to: GCRAregattadirector@gmail.com

ENTRY LIMITS

Our event permit only allows for 500 entries. Entries are on a first come, first serve basis. If the entry limit has been reached, your entry will go on the waiting list. We will notify your team contact if scratches occur and your entry is accepted.

ENTRY FEES

The list of fees is as follows:

</tr>
</tbody>
</table>

Scratched entries are eligible for a full refund if the scratch information is received by midnight, Sunday, October 24, 2021. No other refunds shall be made. Crews failing to launch (DNS) are subject to a $50 fee and must be paid at Registration prior to launching other boats.

SEEDING

The order of the participants in the event will be randomly assigned with weighting given by the rank provided during registration.

CLOTHING STANDARDS

Costumes are welcome. If borrowing oars, please notify launch personnel for identification on the water.

COMPOSITE CREWS

Composite crews (rowers from more than one team/crew in a boat) must register as such and may wear their own team's uniform. Composite crews are not eligible for team points.
The Jack Speakmon Memorial Regatta follows the current USROWING Rule of Rowing unless otherwise noted.

REGISTRATION
All teams must check-in at the Lashutka Building to receive Regatta Packet. Registration is open 6-8pm Saturday, October 30 and 7-10am Sunday, October 31.

BOW NUMBERS
☐ Coxswain shirt numbers/bibs will be provided at check-in to crews who have properly submitted their entry materials (entry forms, signed waivers and fees).
☐ Bow numbers and bibs will be distributed in the regatta packet. Crews without both bow and coxswain shirt numbers will not be permitted to launch.
☐ Crews with the incorrect bow/bib numbers will not be permitted to launch.
☐ Bib numbers must be worn visibly on the back of each single sculler or bow rower. Bib numbers must also be worn on the back of all coxswains of stern coxed boats.
☐ Bow markers are the property of the regatta and must be returned to the recovery dock area immediately following the race. A $50 fee per missing bow marker will be charged to reprint lost bow markers.

RACE TIMES AND BOAT ORDER
It is the Regatta’s intention to start crews for each event together and in-order. First call only will be made before each race. The Regatta will not allow crews that arrive late to the line to race. All crews should allow a minimum of 45 minutes to launch and row to the start line to make their scheduled event. Teams should allow enough time to adjust for weather conditions.

Coaches should NOT plan to use any rowers/equipment in events that are less than 90 minutes apart. Crews wishing to hot seat either boat and/or rowers shall notify the dockmaster at the time of launch and at the time of recovery. The dockmaster will help facilitate hot seating to the greatest degree possible. Hot seating is expected to take no longer than 2-3 minutes. If hot seating includes changing cars, the cars may not be brought onto the dock until the boat is within an arm’s length of the dock.

ADAPTIVE EVENTS
Adaptive events will be highlighted before lunch break this year. Please contact Helmut Berthold, hberthold@gmail.com, to coordinate your adaptive event. We want the adaptive races to be as inclusive as possible to celebrate the athletes. If you have an adaptive athlete(s) that do not fit into the PR1, 2 or 3 classifications, please let us know and we will create an event that is the best match. We also have equipment available for your use if transporting your equipment is a concern.

DOCKMASTER
Dockmasters are in charge of the order and activity of boats at the launch and recovery docks. In addition, our dockmasters are valued members of the regatta staff. Subject to the direction of any referee, boats are requested and required to follow the directions of the dockmaster in determining the order of who launches or docks. Failure to follow the directions of the dockmaster may result in the disqualification of your boat. Abuse of the dockmaster WILL result in the disqualification of your boat with no return of your event fees.

NO COACHES ON THE WATER
No coach is to be on the course in a launch during any race. Any coaches on the water will have their boat or boats disqualified.

PROTESTS
Any protests must be made in writing at the registration tent within 30 minutes of the race’s published preliminary results. A $50 protest fee must accompany a completed protest letter and will be returned if your protest is upheld. Protests will be forwarded to the chief referee for consideration.

SPORTSMANSHIP
All participants, coaches, and spectators are expected to exhibit good sportsmanship. Disrespectful language or behavior may be subject to disqualification from the regatta.

SCOREKEEPING AND AWARDS
Medals awarded for first, second and third place finishers in all events. Medals can be picked up at the registration table after the race results are posted as official. Any protested races must be resolved before medals can be awarded. Results of a race will not be finalized until all protests and penalties have been resolved, the time for filing additional protests has elapsed, and the scorekeeping team is satisfied that the results are error free. The Speakmon will be using HereNOW to timing for improved accuracy and speed in communicating results.
PARKING AND VIEWING

PARK POLICIES
As this event grows each year, GCRA has assured the police and park representatives that the park will not be damaged by the event, that the park will remain accessible to the public, and that lanes will be maintained for emergency vehicles. In order to achieve these goals, competitors and spectators must comply with the traffic and parking plan described below.

BOAT TRAILERS
Trailers with boats will be allowed into the park to unload between 6 PM and 9 PM on Saturday, October 30th. Parking directors will be onsite assisting with parking. Trailers will also be allowed into the park to unload boats on Sunday morning. However, access to the park will be closed after 7:00am! All trailers and tow vehicles will be directed to park in the designated trailer and tow vehicle parking area just south of the Fishinger Road Bridge. All other team vehicles (including team buses) will be required to park in the Lot south of Fishinger. Spectators and participants are required to park in Frisbee Golf Lot south of Cop Hill. Shuttle will be provided.

High School Crews attending the Blake Haxton Invitational Regatta on October 30th should refer to the Trailer and Tent instructions from that regatta. These teams can leave their equipment in place for both regattas.

TEAM FOOD/TENT TRAILERS
Trailers carrying food and tents should travel south on Riverside Drive and slowdown in the far-right lane to access the top of Cop Hill area. Chuck wagons will be backed in at an angle facing north on the asphalt drive below and North of Lashutka with only the rear axle in the grass. Arrivals BEFORE OR AFTER those times should enter at the Nottingham lot and wait for instructions from parking volunteers (or security personnel after 9:00 PM). Teams are to set up within the marked tent spaces. Due to Columbus Fire requirements, there is to be no overflow into the walkways and egress lanes. All teams are to provide straw for their tent areas to minimize turf damage per City of Columbus. Upon departing the park, please spread any unused straw in your tent site area.

BUS PARKING
Buses will off-load rowers in the Nottingham Road parking lot. Rowers should prepare to walk the 1/3 mile to the launch area. Buses should expect to begin loading rowers at the Nottingham Road Lot beginning around 5:00pm. Valuable items (wallets, purses, cell phones, etc.) should be left on the bus. Buses are not permitted to unload along the side of Riverside Drive. Absolutely no rower drop off is permitted at Cop Hill.

PRIVATE CAR (ROWER/ PARENT/ VOLUNTEER) PARKING
On Sunday morning, all competitors and spectators will be required to park in the campground Frisbee Golf Lot area south of Griggs Dam (approx. 2 miles south of Fishinger Road). Signs will be posted to assist you. There is no parking fee. Please note that if you park in any undesignated areas (i.e., in the park, in the merchant lots, along Riverside Drive, or on side streets), you may be ticketed and towed. Parking on the grass will result in a ticket or being towed and will jeopardize future regattas. There will be a shuttle service provided to and from the parking lot to a drop-off point just below the staging area. There will also be a group of parking volunteers to direct traffic. Please follow their instructions. The Park Road between Nottingham Road and the dam will be closed to cars and buses. Only emergency vehicles will be permitted along the park road launching area. Overflow vehicles should enter the lower campground parking lot immediately south of the Police substation hill. Parking volunteers will direct all overflow vehicles. Shuttle buses will be available throughout the day to transport between the lower lot, Cop hill and Nottingham Road lot.

SPECTATOR VIEWING
Races may be observed ONLY from the Eastside riverbanks and walks. Best viewing is on top of Dam Keeper’s House hill (last 1300m of racing visible). Additional viewing is available along the east shore south of Fishinger Road Bridge. We request that you respect our neighbors that have private property along the Westside riverbanks and refrain from viewing from these points.

HOSPITALITY VIP SUITE
BACK THIS YEAR!!! Hospitality VIP Suite in the Lashutka Building will be available on a first come first serve basis and offers all the conveniences you want without all the work to lug it from your car!! Enjoy a warm room, food, drinks, snacks and prime viewing at the finish line. Perfect opportunity to watch racing events for you and your family members. The Hospitality Suite will have seating available. The Suite will open from 7:30am to 4 PM with come and go access. The suite also boasts indoor warm toilets to be used exclusively by guest purchasing the $40 ticket! Tickets may be purchased in advance at Tickets or at the door. Space is limited so don’t wait! Hospitality Suite tickets are non-refundable.

COURSE MARKERS

The course is marked by buoys and will be discussed in the Virtual Coaches and Coxswain meeting TBA. Meeting invite link will be emailed via RC so ensure your contact information is accurate. The USRowling Rules of Rowing for Head Races apply to this regatta, except as noted within these rules and regulations or as altered by the LOC in response to conditions.

TRAFFIC RULES

Crews rowing to the start of the race shall proceed North from the launch docks, staying along the Eastern shoreline from the launch docks to the start marshalling area.

After crossing the finish line, crews are to continue rowing another 100 meters in order to make a safe return to the docks.

Boats racing have the right of way over all other boats. Any non-racing boat that interferes with a race will be subject to possible exclusion from its race.

Passing is done at the risk of the overtaking crew. However, if a crew is within 1 length and is closing on the crew ahead of them, they are obliged to politely make apparent to the boat ahead on which side it wishes to pass.

The boat being overtaken must yield to the overtaking boat, usually toward the bank on straightaways and toward the outside of curves. If, in the opinion of the officials, insufficient room is given, a 30 second penalty may be assessed.

However, no overtaking boat should press its right of way to the point of collision or forcing a boat into a dangerous position. Racing boats interfering with other racing boats will be subject to a 30 second penalty or possible exclusion from the race.

Since two opposing crews will be starting simultaneously with 20 seconds between starts, there is less opportunity to pass than in many head races. Each crew team will have an individual start time. There are crews nearby to “race” against, but the clock is the standard you will be judged by.

If one or more rowers is ejected from a boat during a race, the affected crew must stop and remain with those individuals until all are safely out of the water.

Respect for the safety of other competitors and equipment must be shown at all times. If, in the opinion of the officials, a crew is behaving in a dangerous or reckless manner, that crew may be excluded from its race.

STARTING PROCEDURE

Races begin at 8:20 AM. The final event should be completed before 4:45 pm. Breaks and lunch are built into the schedule and will be used to get back on schedule as needed. Do not schedule equipment or people in races less than 90 minutes apart. This ensures that boats and crews have enough time to make the 35-minute row to the start comfortably. Boats will not be allowed to row outside their scheduled times, unless directed to do so by officials.

Be sure to firmly attach your correct bow number to the bow of your boat and the shirt bib to the bow rower and stern coxswain. (Numbers are pre-assigned and included in your club race packet).

Be at the start at least 5 minutes before the official start time of your race. (Allow no less than 35 minutes to row to the start.) This is a flying, Hanley style start, with boats starting side-by-side in pairs. Line up in order of your bow numbers, from lowest to highest, with odd numbered boats closest to the buoy line and even numbered boats closest to the shore, unless otherwise directed by the starter or Marshall. A 10-second penalty may be assessed for boats missing their place in the starting order.

Boats may be assessed a 30-second penalty for having an incorrect bow marker or no bow marker. As directed by the starter or Marshall, cross the starting line at race pace about 10 to 20 seconds behind the preceding boats. Individual start times will be recorded for each boat as it crosses the start line.
