Updates in the Registration Process

There are several updates in the registration process since the 2018 NWIRA Championship Regatta.

- Registration for the 2019 NWIRA Championship Regatta will be done on the Regatta Central legacy platform, the platform for regattas held in the United States and other countries outside of Canada. All transactions in Regatta Central will be in Canadian Dollars, not US Dollars. Regatta Central will accept US credit/debit cards. Please be aware that US Dollar credit/debit card holders will see a foreign exchange fees on their statements when paying the NWIRA entries, regatta and association fees online in Regatta Central.
- As they did in 2018, Rowing Canada Aviron (RCA) is charging a seat fee of \$3.25 (Canadian Dollar) per race event in all 2019 RCA sanctioned Canadian regattas. This fee will appear in each event when Clubs register their entries in Regatta Central. All seat fees collected for this regatta go directly to RCA and not to NWIRA. Thus, all participating clubs will bear the full cost of the seat fee.
- Entry fees and regatta fees are the same as previous years except they are stated in Canadian dollars equivalent.
- Association and Guest Clubs will be able to pay association fees and guest club fees online in Regatta Central.
- To ensure smooth registration process for the NWIRA, athletes should be entered in their respective rowing association roster list (i.e., US Rowing Association and Rowing Canada Aviron) before entering the same athletes to events in the regatta. Regatta Central has implemented a process to pull in athletes registered with RCA and USRA.

NWIRA Volunteer Duty

NWIRA Association club needs to provide volunteers to work at the regatta, about one volunteer for every six athletes participating in the regatta. Volunteer shifts will primarily be 6 hours per shift but some shorter shifts may be available. Shift times may vary slightly based on the number of races and participants.

The LOC (Kenora Rowing Club) will be utilizing a Volunteer Software Management program to have volunteers register for their shift and review descriptions of the jobs and requirements. Most of the positions that the LOC will be asking for volunteers are stakeboat holders, boat drivers, and finish line personnel. A link to the Volunteer Software Management will be provided in an email to the participating clubs when registration opens.

While guest clubs are not required to provide volunteers, they are open to register to volunteer for a position. All volunteer spots will be filled on a first come basis.

Chief Referee

The chief referee for the 2019 NWIRA Championship Regatta is Sandi Kirby, RCA. RCA Rules of Rowing will govern this regatta.

Weather Contingency Plan

To ensure the safety of the athletes, officials, regatta personnel and volunteers, officials and LOC may shorten, reschedule, or cancel races due to deteriorating weather conditions or other unforeseen events. When such situations occur, the Chief Referee, NWIRA Executive Committee, and LOC Regatta Chair will jointly assess the situation, outline alternations to the race schedule or competition, and inform the participating clubs of the alternations. Such announcements will be made over the on-site public address system and, if needed, ad-hoc meeting with coaches and club representatives.

Depending on the situation during the regatta, such alternations may include one or more of the following:

- Shorten the race from 2000 meters to 1000 meters or shorter if the weather conditions deteriorate enough to cause choppy waters or the regatta is seriously behind schedule.
- Postpone or reschedule races to different time to allow thunderstorm, lightning or other severe weather conditions to pass through.
- Shorten or cancel finals if severe weather condition occurs in the afternoon. All finishing times from heats for an event determines finish order if finals are canceled.
- Rearrange races so that the big boat events (4-, 4+, and 8+) are conducted first following a passing thunderstorm. Conduct the small boat events (1x, 2x, 2-) as conditions improved.
- Cancel one day of competition all together if severe weather condition lingers throughout the day. Run the second day of competition as scheduled if condition improves.

Officials, NWIRA Executive and LOC Regatta Chair may also consider other alternations not listed. Regardless of alternations implemented, the safety of the athletes, officials, regatta personnel, and volunteers is top priority under any severe weather situation or unforeseen events.

Clubs are responsible for staying updated on announced schedule and/or competition changes.

There will be no refund of entry fees, scratch fees, regatta fees, and association dues for canceled races due to deteriorating weather conditions or other unforeseen events.

The course is a 2000 meter, 7-lane, fully buoyed course with stakeboats. Crews must be able to back into a stakeboat. All races will start from the starting line at the west end of the lake. See course map.
