

EMERGENCY ACTION PLAN

In the event of an emergency contact the nearest Safety Boat and have them call the Safety Officer.

Leigh Holyoak and Margaret Shorter 778-873-5522

If for any reason you cannot contact Leigh or Margaret and the emergency requires immediate attention call :

911 and have emergency crews meet at the nearest water access point from the list below or

***16 for Coast Guard assistance.**

Rowers should stay with the capsized hull and attempt to swim it to shore. The hull is inherently buoyant - it is your Life Raft.

If in the water, wave arms and try to make as much noise as possible to alert on-coming rowers who may otherwise not be able to see you.

If you see a rowing shell needing assistance contact the nearest safety boat - do not attempt a rescue from another rowing shell or it may result in two crews in the water
