COACHES, COXSWAINS, and SCULLERS MEETING

Coaches, coxswains, and scullers will attend a mandatory meeting in the registration area on race day at 7:00 a.m. You will be advised about the traffic pattern, dangers along the river, County Sheriff’s patrol boats, and other items vital to safety. A chart of the course will be on display at Regatta HQ, in the parking lot of the Sheraton near Registration.

There are two single file race courses: A 5,000–meter course and a 2,000–meter course for Adaptive Rowers. This is a relatively easy course with a few gentle turns. Please ensure that all coxswains on your team understand the Rules of Rowing.

Warm-up: Your warm-up will consist of a 5,300–meter or a 2,200–meter row to the starting line plus the holding area immediately downstream of the start.

WAIVERS

All participants *must* have a signed waiver on file on race day. See www.regattacentral.com for instructions on submitting a USRowing waiver.

Missing waivers hold up registration on race day. Coaches, PLEASE be sure your athletes have signed their waivers. If there are missing waivers for any entry the bow number will be withheld at registration until the waivers are signed.

BOW NUMBERS

Bow number placards, specially made by NBRC with every number used in the regatta, will be loaned to participants when they check in at Registration. Crews are encouraged to apply vinyl tape to help secure the card to their bow clip.

Bow numbers will be collected by a volunteer upon your return to the dock following your race.

RULES

This is a USRowing Registered Regatta. All USRowing safety protocols will be observed. Bow balls and heel tie-downs or quick-release shoes are required and will be checked by the dock volunteers.

All craft shall remain on the westerly side of the river while traveling to the start, and easterly side while racing. **THIS IS AN ABSOLUTE REQUIREMENT FOR YOUR SAFETY. PAY PARTICULAR ATTENTION TO STAYING ON YOUR SIDE THROUGH TURNS IN THE RIVER.**

Racing crews have the right of way over all other boats. Boats warming up or returning from the finish must yield to oncoming crews and remain clear of the race course.

Overtaking crews have the right of way over slower boats. Boats being overtaken must yield to the outside of a turn or otherwise follow the instructions of the overtaking boat.

Leave all buoys marking the center of the waterway to port. No cutting corners.

Crews must use sportsman-like conduct and language.

The rules are meant for safety. Violations will result in a 30-second time penalty or disqualification at race official's discretion.

In case of any dispute, finishes will be determined by the Rules of Rowing.

LAUNCH PROTOCOL

Please listen carefully and follow the instructions of the Dock Master to ensure efficient use of the docks (one long, one short). Unless instructed otherwise by the Dock Master, each crew shall land on the same dock from which it launched.

TIDES and LAUNCH TIMES:

Those racing in the morning events should take note of a strong flood tide (rising > 5' between 6 am and Noon): plan accordingly to get to the start on time, then buckle up for a fast ride home. A gentler outgoing tide in the afternoon, falling only 3', will make it easier to get to the start, and give racers more time to chase down front runners while working upstream.

2017-10-01	Sun	6:09	AM	PDT	0.5 feet	Low Tide
2017-10-01	Sun	7:06	AM	PDT	Sunrise	
2017-10-01	Sun	12:15	PM	PDT	5.7 feet	High Tide
2017-10-01	Sun	6:35	PM	PDT	1.9 feet	Low Tide
2017-10-01	Sun	6:52	PM	PDT	Sunset	

FOR YOUR COMFORT:

There is very little shade in the Petaluma Marina Parking Lot. Please bring Pop-Up Tents for protection from the sun and weather. Please Note that these can be set up **ONLY** in the areas as directed.

It is helpful to speed the launching process to bring containers for shoes so that they can be removed quickly from the dock.

PLEASE NOTE THAT THERE WILL BE **NO RUNNING WATER AT THE SITE.** WE WILL SUPPLY LARGE CONTAINERS OF FILTERED WATER FOR REFILLING WATER BOTTLES. (Thanks, Camelbak!) You will NOT be able to wash your boats after your race.

We must ensure clear access to the boat ramp and gas dock at all times for emergency vehicles.

WATCHING THE REGATTA

Outstanding riverside viewing opportunities are available along the bike/pedestrian path in Shollenberger Park. This may be reached via an easy 10-minute bike ride or 30-minute walk along a path from Regatta HQ. *To protect the marsh, please remain on paths at all times! (Path from Regatta HQ to Shollenberger Park path highlighted in yellow.)*

You may also drive the 1.2 miles from the marina parking lot to the entrance of Shollenberger Park and walk from there. From the marina parking lot turn right onto Lakeville Highway, and then turn right at S. McDowell Blvd. At the intersection of Cader Lane, turn right through the park gates to the parking lot. The sign for the park is very small; be alert. *(Shollenberger Park path highlighted in orange.)*

Shollenberger Park (and its neighboring preserved areas along the river) is visited by hundreds of pedestrians daily who are attracted by the views and abundant bird life. This marks the upstream end of the largest relatively intact ancient salt marsh in California. Information about flora, fauna, and directions is available at: <http://www.petalumawetlands.org/HTML/directions.html>
