OCU Head of the Oklahoma Registration Information
Oklahoma River, September 29-30

EVENT OVERVIEW

The Oklahoma City University Head of the Oklahoma regatta returns to the Oklahoma River September, 29-30, 2012 as part of Oklahoma City's premier fall event, the Oklahoma Regatta Festival - a four day celebration of rowing, kayaking, dragon boating and family fun on the Oklahoma River.

In addition to the OCU Head of the Oklahoma, this year's festival includes the blu VIP Party, OG&E Night Sprints and a family festival featuring live music, a children's area, food from some of Oklahoma City's best restaurants, a beer and wine garden, and a front row seat for all the racing! It is all held in the Boathouse District on the Oklahoma River, adjacent to downtown Oklahoma City and the Bricktown entertainment district.

HEAD OF THE OKLAHOMA

Presented by Oklahoma City University, the Head of the Oklahoma has quickly become one of the top collegiate rowing regattas in the country. The 2012 OCU Head of the Oklahoma will attract an estimated 1,000 athletes from 40+ collegiate and community rowing clubs, with top crews including the OKC National High Performance Team. Teams will compete in the 4000m Head of the Oklahoma head race on Saturday with racing beginning at 10:00 am. The head race will also act as a qualifier for the 500m rowing and 200m kayaking OG&E Night Sprints on Saturday evening.

OG&E NIGHTSPRINTS

In its seventh year, the OG&E NightSprints attract thousands of spectators to the Oklahoma River as world-class rowers from across the nation sprint under giant stadium lights. Crews will qualify for night racing in select head races held earlier in the day.

CONCEPT2 CTS OAR REPAIR SERVICE AT THE OKLAHOMA REGATTA FESTIVAL

For all teams and individuals coming to Oklahoma to race, make plans to stop by the Concept2 CTS Regatta Service tent for any equipment tune ups you may need. Concept2 technicians will be on site Friday, September 28 and Saturday, September 29 to offer oar repairs and simple lessons in do-it-yourself fixes. This service is free of charge to all competitors in the regatta. Teams interested in servicing older equipment at the Oklahoma regatta venue should call Customer Service in advance (877.887.8014) to discuss the nature of the repairs needed.

RACE COURSE/ REGATTA RULES

TRAFFIC PATTERN: Please see course map for specific traffic-related information. All Head Racing will be conducted in a counter-clockwise traffic pattern with racing occurring from West

Oklahoma River, September 29-30

to East. All 500m racing will be conducted in a clockwise traffic pattern with racing occurring from East to West. Please use caution when passing through the bridges that cross the course.

LAUNCHING: All participants are expected to launch a minimum of 40 minutes in advance of the Head Race event in which they are entered. First call to the water is 55 minutes prior to the start of the race. Any changes to the launch times will be announced. Announcements will be made calling crews to the water. Events will not be held for late crews. Please ensure your crews are prompt on the dock and observe a 90 second dock time.

CONTROL COMMISSION: All crews are expected to check in at the Control Commission tent prior to launching. The crew will be given direction as to which dock to use for launching and will check for a properly affixed bow ball and heel ties on each shoe. Control Commission representatives will be located near boat launching areas.

BOAT LIGHTING: Regatta staff will provide lights for all boats entered in OG&E NightSprint events if you do not have your own. Please bring lights for NightSprints if possible. Boats are prohibited from launching without the required lighting. Please return all lights after you race.

RACE BIBS/BOW MARKERS: Race bibs and bow numbers will be in your entry packet that should be picked up Friday afternoon or Saturday morning. All waivers must be turned in to receive the packet. All boats must have the bow number displayed during the race and the race bibs should be worn on the back of all bow seat rowers. PLEASE PLACE THE BOW NUMBERS IN THE MARKED RECEPTACLE LOCATED AT THE RECOVERY DOCK AT THE CONCLUSION OF YOUR RACE.

HOT SEATING: Hot seating will be permitted only from the Recovery Dock. The control commission must be informed in advance of a hot seating situation. No events will be delayed for late arriving crews. Late arriving crews may race the course for time if deemed safe by the starting official (however, they will not be eligible for a medal).

STARTING: The starter will arrange the crews so that crews cross the starting line at approximately 15 second intervals. PLEASE HAVE YOUR CREWS LINE UP IN THE ORDER OF YOUR BOW NUMBER PRIOR TO THE START OF EACH RACE. To consolidate space in the starting area and expedite the start process, crews will set up in two lines with the even numbers on the north and odd on the south.

RIGHT OF WAY: A crew is deemed to be overtaking another crew when it has moved within one length of open water of the crew ahead. On those portions of the course that are straight, a crew being overtaken shall move to the right to allow the overtaking crew to pass. Where the course turns, a crew being overtaken shall move to the outside turn and allow the overtaking crew to pass along the shorter path. Nevertheless, in cases where the overtaking crew's position clearly prevents safe passage or where there is insufficient room to yield, passing is not allowed, nor is the crew being overtaken required to yield. Use caution near all the bridges and be extra careful as you go through the railroad trestle bridge located just west of the Chesapeake boathouse. At the Shields Avenue Bridge, make sure that there is no one about to pass you. If there is a boat that is overtaking you, your crew needs to take the right-hand (south) bridge opening.

PENALTIES

Buoys- Yellow buoys mark the boundaries of the course, dividing the race lanes from the warm-up/traffic lanes. Red buoys alert of approaching hazards. A crew shall be penalized 10 seconds for each buoy the crew passed incorrectly. A crew passes a buoy incorrectly when any part of its hull passes on the wrong side of the buoy.

2012 OKLAHOMA REGATTA FESTIVAL

Oklahoma River, September 29-30

Bow Number- A crew that crosses the starting line without its required bow number shall be penalized 60 seconds.

Unsportsmanlike Conduct- A crew that is heard to be using foul language will be given one warning; if heard again they will be disqualified.
