OCU Head of the Oklahoma Registration Information
Oklahoma River, October 4-5

EVENT OVERVIEW

The 10th anniversary Oklahoma City University Head of the Oklahoma regatta takes place on the Oklahoma River October, 4th and 5th, 2014 as part of Oklahoma City's premier fall event, the Oklahoma Regatta Festival is a four day celebration of rowing, kayaking, dragon boating and family fun on the Oklahoma River.

In addition to the OCU Head of the Oklahoma, this year's festival includes the blu VIP party on Thursday, Oct 2nd, OG&E Night Sprints and a family festival featuring live music, food from some of Oklahoma City's most popular food trucks, a beer and wine garden, and a front row seat for all the racing! It is all held in the Boathouse District on the Oklahoma River, adjacent to downtown Oklahoma City and the Bricktown entertainment district. With the walkway connecting the Bricktown canal to the Oklahoma River open, crews staying in Bricktown hotels can walk to the venue.

HEAD OF THE OKLAHOMA

Presented by Oklahoma City University, the Head of the Oklahoma has quickly become one of the top collegiate rowing regattas in the country. The 2014 OCU Head of the Oklahoma will attract an estimated 1,000+ athletes from 40+ collegiate and community rowing clubs, with top crews including the OKC National High Performance Team. Teams will compete in the 4000m Head of the Oklahoma head race on Saturday with racing beginning at 10:20 am.

ROW FOR THE CURE

The Oklahoma Boathouse Foundation is proud to announce that this year's Head of the Oklahoma will be a row for the cure event. On the schedule below Row for the Cure events are highlighted in pink.

OG&E NIGHTSPRINTS

In its ninth year, the OG&E NightSprints attract thousands of spectators to the Oklahoma River as world-class rowers from across the nation sprint under giant stadium lights. Crews will register for night racing and qualify for night racing lanes in select head races held earlier in the day. **NOTICE:** This year teams will register for the NightSprints. Registration will open on July 28th. The top 3 spots will be reserved for the top 3 finishers of last year's event. If a team does not make registration then they can sign up on the wait list on Regatta Central. There is a limit to two entries per team, per event. The head race will determine which lane and which final the crew will race in.

Schedule Changes will be made with the following priorities

- Delay racing later the same day, if time is available.

BOAT LIGHTING: Teams racing in the NightSprint events need to bring safety lights for all crews registered to race. 2014 OKLAHOMA REGATTA FESTIVAL
OCU Head of the Oklahoma Registration Information
Oklahoma River, October 4-5

STARTING: The starter will arrange the crews so that crews cross the starting line at approximately 15 second intervals. PLEASE HAVE YOUR CREWS LINE UP IN THE ORDER OF YOUR BOW NUMBER PRIOR TO THE START OF EACH RACE. To consolidate space in the starting area and expedite the start process, crews will set up in two lines with the even numbers on the north and odd on the south.

RIGHT OF WAY: A crew is deemed to be overtaking another crew when it has moved within one length of open water of the crew ahead. On those portions of the course that are straight, a crew being overtaken shall move to the right to allow the overtaking crew to pass. Where the course turns, a crew being overtaken shall move to the outside turn and allow the overtaking crew to pass along the shorter path. Nevertheless, in cases where the overtaking crew's position clearly prevents safe passage or where there is insufficient room to yield, passing is not allowed, nor is the crew being overtaken required to yield. Use caution near all the bridges and be extra careful as you go through the railroad trestle bridge located just west of the Chesapeake boathouse. At the Shields Avenue Bridge, make sure that there is no one about to pass you. If there is a boat that is overtaking you, your crew needs to take the right-hand (south) bridge opening.

PENALTIES

Buoys- Yellow buoys mark the boundaries of the course, dividing the race lanes from the warm-up/traffic lanes. Red buoys alert of approaching hazards. A crew shall be penalized 10 seconds for each buoy the crew passed incorrectly. A crew passes a buoy incorrectly when any part of its hull passes on the wrong side of the buoy.

Start- A crew that missed the correct order of the start will be penalized 10 seconds.

Yielding- A crew that fails to yield to a crew having proper right of way shall be penalized 30 seconds. A crew that fails to yield to a crew being properly summoned to the starting area, or interferes with the staging of the start may be penalized 10 seconds by the Marshal or Starter.

Bow Number- A crew that crosses the starting line without its required bow number shall be penalized 60 seconds.

Unsportsmanlike Conduct- A crew that is heard to be using foul language will be given one warning; if heard again they will be disqualified.
