

Row Ontario WIFC South Course – First Aid Plan

First Aid Advisor: Erin Carl: erin.carl@welland.ca; 905-732-8258

The WIFC is managed by the City of Welland and with the events taking place on the waterway, it is mandatory to have lifeguards present for WIFC hosted events.

Lifeguards will be present during the Row Ontario Hosted events at the Medical Station.

The main location will be at the medical tent located near the boathouse at the north end of the course. This responder will be equipped with a tent, radio, AED, and appropriate signage to ensure quick access to medical emergencies taking place at a different location.

The medical tent will be available from 7:00am to the end of racing both Saturday July 23rd and Sunday July 24th.
