

## TRAILER PARKING INSTRUCTIONS

### For Wednesday from 12 noon entry trailers

Trailers will be directed by marshals into the unloading zone in section 1 of the trailer park. Clubs will be directed to unload boats then, under parking marshal instruction, move their trailers and park them in section 1 or section 2 of the trailer park area for the remainder of the regatta.

- Car park marshal instructions are to be followed at all times.
- Clubs should note that specific areas at the front and sides of the boat park have been left available to use for the placement of soft trestles for boat rigging.
- General club tents will be able to be placed around section 2 of the trailer park. Signs will indicate the most suitable area for club tent placements.
- General car parking will not be allowed in the trailer park area until all trailers are in place and the regatta has commenced. Please follow car parking marshal instructions as there are a number of local government authority conditions to comply with.

### Tuesday 23 April

ACT Clubs have been granted early access from 4pm - 6pm to assist with minimising the traffic in the boat park on Wednesday. ACT clubs are able to come on Wednesday 24 April from noon if they prefer.

### For Tuesday 4pm – 6pm entry trailers

Trailers will be directed by marshals into the unloading zone in section 1 of the trailer park. Clubs will be directed to unload their boats then move their trailers and park them in section 2 of the trailer park area for the remainder of the regatta.
