## Scoring Contingencies:

- No points are awarded for the following events: M1X, W1X, M2-, W2-, M2X, and W2x.
- Only SIRA members are eligible to receive points. If a non-SIRA member finishes in a position qualifying them for points, those point values are voided, awarding the next SIRA member eligible to receive points with the point value associated with their finish place.
- Vacant lanes in a grand final event due to a lack of entries will void point values for each vacant lane, starting with the first place points. *Example: In a 7-lane grand final with 5 entries, the point values for first and second would be voided (due to the 2 vacant lanes) and the first-place finisher would be awarded the third place points.*
- To be awarded points, a boat must finish ahead of two other boats. The lowest two finishing boats will not be awarded points in any event.
- If a team has two entries in an event, only one boat is eligible to receive points. If both boats finish in positions qualifying them for points, the higher of the qualifying point values will be awarded. The other boat is ignored and the point values for the lower finishing boats move up on the points scale. *Note: If a team has two entries in an event, both entries are eligible to win medals, even though only the higher place finisher will be awarded points.*
- Scratched boats made at any time before or during the regatta, or boats that do not finish an event, will be ignored from the overall finish order and thus, in awarding points.
