USROWING YOUTH NATIONAL CHAMPIONSHIPS

NW Junior District Championships has been designated as the qualifier for the USRowing Youth National Championships. Qualifying events are listed on page two in the ELIGIBILITY & MEMBERSHIP section. The Youth National Championships is to be held at Oak Ridge Tennessee on June 8-10, 2012. First-, second- and third-place crews in the eligible events shall qualify for the Youth Championships.

In the event that the first-, second-, or third-place crews choose not to attend the Youth Championships, the entry opportunity will **not** roll down to the fourth-place boat.

PETITIONING:

a. The Youth Advisory Committee has tried to make qualifying as clear and inclusive as possible. USRowing will accept petitions; recognition of a petition does not guarantee a bid to attend the Youth National Championships.

i. Petitions must be submitted no later than three (3) days after the conclusion of the crew's qualifying regatta.

1. NEIRA crews interested in petitioning should do so by May 28, at noon EDT. Due to the late date of the qualifier, only two (2) bids will be reserved for NEIRA programs unless the final selection posting does not fill all open bids. NO LATE PETITIONS WILL BE CONSIDERED.

ii. Petitions can be submitted via the online form on the [USRowing Youth Nationals web page](#).

iii. All event categories have a maximum of 36 entries. If an event is fully subscribed and not all petitions can be accepted, the YAC will choose the petitions from the most competitive crews based on the information given in the petition, without appeal.

USRowing 2012 Northwest Junior District Championship Regatta Entry Packet

- iv. Crews will be notified on their petition status on May 23, 2012.
- v. NEIRA crews will be notified on their petition status on May 29, 2012.
- 2. Petitions will not be accepted from athletes that are part of a boat that was excluded or disqualified while participating in that event at a qualifying regatta, unless the exclusion or disqualification is overturned. Exception: The athlete's ineligibility is due to a failure to make weight in a lightweight event.
- 3. Petitions will not be accepted from crews competing in non-qualifying events held as part of a qualification regatta.
- 4. Petitions will be accepted for the following reasons. Please do not submit petitions that do not meet these requirements, as they will not be considered.
 - i. In the event a registered qualifying regatta does not offer the event.
 - ii. An unfortunate event, especially something beyond the ordinary or the expected, which caused a disadvantage that precluded a crew to compete in a qualifying event.
 - iii. The petitioning crew must provide the petition committee substantiation of sufficient boat speed within the following seconds of the winning boat in the petitioned category at a recognized YNC qualifying regatta.
(8+/4+/4x within four (4) seconds, 2x/2-/1x within six (6) seconds)
- 5. Petitions are required to include the contact information of the Chief Referee at the regatta in order to confirm the details of the circumstances surrounding the petition.
- 6. Petitions will be reviewed and voted on by a subcommittee of the Youth Advisory Committee. The composition of the petition committee will be as follows: the at-large members and the district representative.

Please carry your emergency medical consent forms with you. Medical assistance will be available at the first aid tent, near the finish line tent. Crews requiring attention should go directly to the first aid tent.

PARK USE GUIDELINES

Camping: Overnight camping in the park is strictly prohibited, either in tents or RVs. Please do not contact the city or county to obtain special use permits. Park employees will patrol the park at night and anyone found camping or staying in an RV overnight will be asked to leave.

*****New For 2012*** Team Tents:** Crews may bring tents to the regatta, and may use stakes that are less than 12" long to anchor tents. The park specifically prohibits air mattresses or flat-bottom (camping) tents on the lawn, but these may be set up on the beach. Tents being set up along the beach must allow a 10' corridor for beach access between every 40' of beach-front. We have some new requirements from the Fire Department for people who are setting up large team tents in the park and are cooking. All cooking or heating of food cannot be combined with an assemblage of people. If the cooking tent is greater than 400 square feet, you must contact the Deputy Fire Marshall and obtain a permit.

* Tents whose sole use is for changing, keeping out of the elements, for service, etc. do not require a permit.

* Tents used for cooking or heating of any kind cannot be combined with the assemblage of people. All fueled equipment and cooking must be set apart from a tent that has people sitting around, changing, etc. Cooking tents must be separated from "people" tents by at least 12 feet.

USRowing 2012 Northwest Junior District Championship Regatta Entry Packet

* Cooking tents should be only for that use and for the people doing the cooking. Any cooking tent over 400 sq. ft. requires a permit. Teams may set up a maximum of seven 10x10 pop up tents aggregated for cooking with a 12-foot separation from their main tent.

If anyone has questions or needs to ask about a permit the contact at the Vancouver Fire Department is:
Mark Katzenmeyer, Deputy Fire Marshal, Vancouver Fire Department, 7110 NE 63rd Street, Vancouver, WA 98662, PH: [360-487-7236](tel:360-487-7236)

Irrigation: The Park maintains a regular irrigation schedule for all their grassy areas. The sprinklers may be turned on any evening during the regatta. Keep this in mind and put away anything that might be damaged by getting wet.

Pets: NO DOGS ARE ALLOWED IN THE PARK. From April through October, dogs are forbidden in the area of Vancouver Lake Park where we hold regattas. Regatta participants who violate this rule jeopardize future rowing events at the park. This rule will be strictly enforced. Please do not bring your dog. You will be asked to leave.

WEIGH-IN PROCEDURES

Weigh-In Once Each Day: All lightweight athletes and coxswains must weigh in once each day in which they compete. All athletes, **INCLUDING COXSWAINS**, must weigh in wearing their team uniform. Coxswains who must carry weight are required to provide their own additional weight (excluding tools, watches and extra clothing). Control commission officials will verify this.

Weigh-In Schedule at Control Commission: Priority will be given to competitors who are racing within 90 minutes of the scheduled opening time of weigh-ins.

Friday May 18	5:30* am – 12:00 pm
Saturday May 19	5:30 am – 1:00 pm
Sunday May 20	5:30 am – 10:00 am

**The 5:30 am opening time may change depending on the start of racing.*

Protocol for Athletes and Coxswains Weighing In:

2. Complete all the necessary paperwork and get your necessary weight before arriving at the official weigh-in location.

SCHEDULE PUBLICATION & SEEDING

TBD – Seeding Polls Emailed: The Northwest Rowing Council will email the region's junior coaches the seeding poll for this year's regatta. The poll will cover these men's and women's events:

Varsity 8+	Lightweight 8+	Varsity 4+	Lightweight 4+	Varsity 4x+
------------	----------------	------------	----------------	-------------

May 7 – Preliminary Event Schedule Published: This document will be published and sent to each clubs regatta contact. Please be certain your contact information on Regatta Central is accurate. All questions regarding entries and the schedule should be directed to James Rawson, (503) 473-6239 or nwrowing@gmail.com.

May 9 – Lane Draws Published: This document will be published and sent to each clubs regatta contact. Please be certain your contact information on Regatta Central is accurate. All questions regarding entries and the schedule should be directed to James Rawson, (503) 473-6239 or nwrowing@gmail.com.

SCHEDULE OVERVIEW

Centers: Novice and youth events will run on 10-minute centers. All other events will run on eight-minute centers. Coaches, please review the procedures to back shells into stake boats, how to correct lines with sculling, and other start line procedures well in advance of the championships. A crew or sculler that is unable to lock on to the stake boat or keep a steering point may be excluded from the race at the discretion of the Starter.

Practice Times: Vancouver Lake will be open for practice Monday-Wednesday, as long as that crew has a coaching launch present. No participating crews will be allowed on the course all of Thursday and Friday morning prior to launch time for racing. The course is defined as the entire lake.

For crews that bring their boats to the course on Thursday from other parts of the lake, you must email the USRowing Programs Coordinator, James Rawson nwrowing@gmail.com, by Wednesday, 5/18 at 12:00pm to have the crews escorted from their launching area to the course. At no time on the way to the course are crews to practice the course or engage in any race warm up drills (starts, power pieces, etc.)

The course will be closed for practice at all other times during the regatta. Crews violating any of the times when the course is closed, failing to obtain a PVRA escort, or practicing on the course without a coaching launch, will be excluded from racing at the discretion of the USRowing NW Regional Coordinator (James Rawson).

Semi Finals: In any event with 19 or more entries, the schedule will use USRowing Progression System "C" for seven lanes. Please reference rule 5-209(d). Heats, semifinals and grand finals will be scheduled to allow adequate recovery for the crews.

If either the Men's or Women's Lightweight 2x receives more than 14 entries, they will progress to the Semi Final structure mentioned above. The semi final will happen at the end of the day, the same day as the heat. If weather becomes a factor and the semi final is unable to run at that time, then the progression for the final will come out of the results from the heats.

USRowing 2012 Northwest Junior District Championship Regatta Entry Packet

Youth National Qualifying events with 7 or less entries will race a seeding heat.

INCLEMENT WEATHER SCHEDULE

In the event that inclement weather causes delays in the regatta schedule, schedule changes will take effect in this order:

1. Reduce race centers (all races run reduced time between race starts)
2. Timed Finals (all heats run using finish times to determine final results)
